Bay Clinic and Walgreen's 340B Pharmacy Dispensing Program Opens in Na'alehu

HILO, HAWAII, April 25, 2016. Bay Clinic and Walgreen's Kicks Off 340B Pharmacy Dispensing Program at Bay Clinic's Ka'u Family Health and Dental Center (FHDC) in Nā'ālehu on April 22, 2016.

The kick-off event was open to the public and took place in the Ka'u FHDC's parking lot. Bay Clinic's Pharmacy Tech and several Walgreens representatives were on-hand to talk about the new program. Community members were excited to find out they can get their medications delivered to their Bay Clinic provider's office or have certain medications mailed directly to their home. Participation in the program can save patients 20% to 50% on the cost of prescription medications.

Bay Clinic's partnership with Walgreens provides quality care to patients by offering various discounted medications delivered to their Bay Clinic health center in the district of Puna or Ka'u. No paperwork or applications necessary. Save time, money, and gas and have your medications delivered to your Bay Clinic provider's office.

"I think it's great! I like it! It's a great service to the community," said Bill Rosen, a Bay Clinic patient who participates in the 340B Pharmacy Dispensing Program.

For more information about the new program, contact Bay Clinic's Pharmacy Technician at 930-0459.
