## 340B Pharmacy Dispensing Program

Bay Clinic, Inc. participates in a program that helps our patients receive discounts on prescription medications.

- All Bay Clinic patients are eligible to participate.
- Participation in the program can save patients 20% to 50% on the cost of prescription medications.

Walgreens, our participating pharmacy, will research all your options and provide the best possible price.

[www.bayclinic.org](http://www.bayclinic.org)

It's easy to start saving —  
no paperwork or  
applications necessary!

- Uninsured patients may be able to obtain medications at a significantly discounted rate through this program.
- QUEST (Medicaid) patients will **not** receive any savings under this program because their medications are already discounted.

**Have questions?**  
**Please contact our Pharmacy  
Technician at 808-930-0459.**

## Benefits of Participation

- Our partner pharmacy, Walgreens, will deliver your medication(s) to the Bay Clinic Health Center nearest to where you live (applicable to Bay Clinic locations in the Puna and Ka'ū Districts only.)
- Patients have the option to order their prescriptions by mail for up to a 90-day supply of medications (does not apply to controlled or refrigerated medications.)
- Patients can schedule same-day as your appointment medication pick-up — Bay Clinic Health Centers in Puna and Ka'ū only.
- Patients will receive a courtesy call from Walgreens for consult after receipt of medications.

*Great service and savings!*
